TO BUSINESS

CORPORATE OVERVIEW

NEXCEL is a leading systems integrator specializing in the design, deployment, and maintenance of ICT and ELV solutions (IP-based systems and network infrastructure). We take pride in being one of the fastest-growing ELV & ICT companies in the Kingdom of Bahrain, having achieved remarkable growth in a short span and contributing significantly to the development of the state.

Established in 2014, NEXCEL delivers technology contracting across multiple verticals, including the supply and installation of IT equipment, network infrastructure, structured cabling, telephony services, wireless services, electrical services, CCTV solutions, access control systems, and more. This unique business model provides a highly technical and well-diversified installation team, enabling us to handle larger and more complex projects. Much of our workforce is cross-trained in multiple disciplines, allowing labor to flow between projects and areas as needed.

We partner with the ICT industry's leading manufacturers of proven technologies to deliver high-quality solutions to our clients. NEXCEL understands that information technology and networking are critical to today's security infrastructure, and we ensure our solutions incorporate the latest standards.

Beyond our technology, NEXCEL boasts one of the strongest teams of project managers, technicians, and support personnel in the industry, and promotes an innovative and entrepreneurial culture. By forming close partnerships with our clients, we gain a unique understanding of their specific requirements as they evolve, enabling us to promptly evaluate and adjust solutions to meet their changing needs.

OUR VISION

In order to achieve our vision, our goals are:

- To continue to inspire confidence from our stakeholders by delivering Successful and safe projects.
- To continue to provide and develop strong leadership with integrity.
- To constantly strive for continuity of works, taking pride in our aim of delivering all projects safely, on budget and ahead of program, ultimately exceeding client expectation.
- To respect the well-being of our workers and protect the environment, maintaining our 'zero harm' record.
- To recognize and encourage our employees, providing skills development opportunities to help them develop in their careers.

OUR MISSION

At NEXCEL, our mission extends beyond the realms of design, deployment, and maintenance of ELV and ICT solutions. We are dedicated to serving various sectors, including Commercial, Residential, Industrial Buildings, Hospitals, High Rise Towers, Site offices, Schools, etc.

Commitment to Excellence:

Committed to delivering top-notch quality products and services, our focus is on achieving and maintaining excellence in all aspects of our operation. Recognizing our responsibility, we are determined to consistently meet and exceed our clients' expectations, while also prioritizing the safety of our employees, clients, visitors, and third parties.

Corporate Governance and Accountability:

Embedded within our mission is a distinct emphasis on Corporate Governance and Account Management. Upholding the highest standards of ethical conduct, transparency, and accountability, we ensure that our corporate practices reflect the values of integrity and responsibility.

Strategic Account Management:

Simultaneously, our dedication to account management is aimed at adding value for our clients through innovation, foresight, and aggressive performance.
